The Sustainment Training Center offers an M1A2 SEPv3 Maintenance Training Course that contains instruction on conducting field maintenance, inspection, and evaluation of the Hull and Turret Systems. Focus is on procedures for service, replace, remove, install, adjust, test, and purge components and Line Replaceable Units (LRU) of the Hull and Turret.

The training is NOT MOS producing or Additional Skill Identifier (ASI) awarding.

This course is in the ATRRS School Reservation System under School Code 952, Course Title: 964-M1A2 SEPV3MT.

Technicians/Soldiers attending the instruction will attend this training in a paid status. Cost to the States for sending Technicians/Soldiers include travel to and from Camp Dodge from the Technicians/Soldiers home station. Food subsistence is local economy. Lodging is available on Camp Dodge for $48.00 per night for single room, queen size bed and shared latrine.
